

Juvenile care

Event Name : Echoes of India

Name : S.Deepan

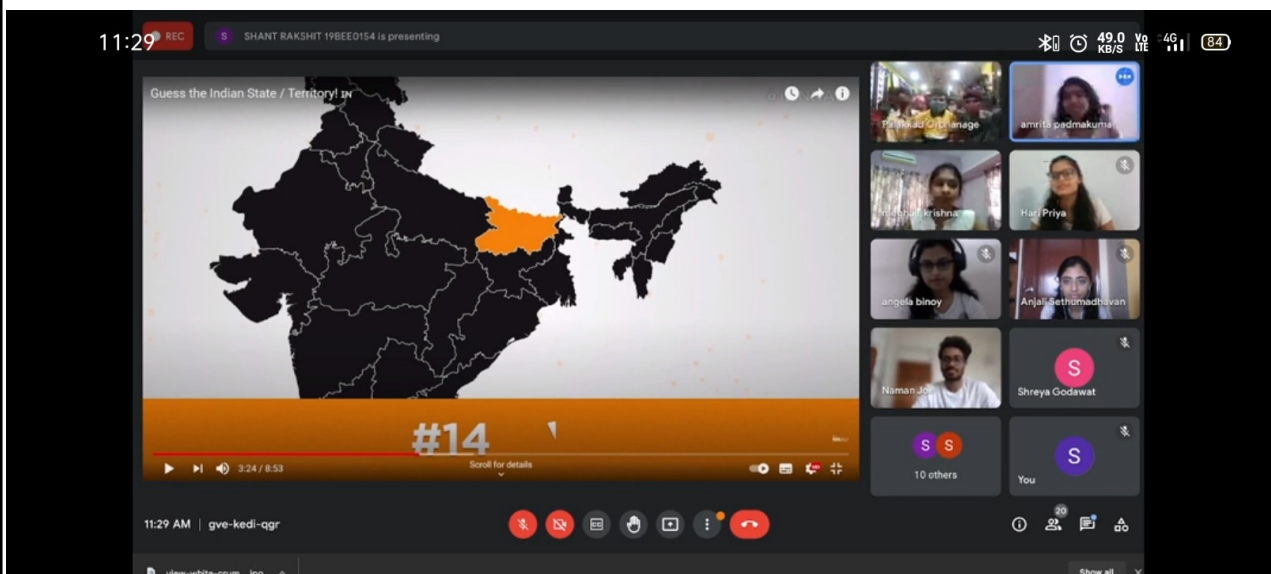

Reg No : 19MIS0102

A detail report on today's event named "Echoes of India" :

On 15th Aug 2021 the main aim of the event is to teach the Indian Culture and heritage and also have some fun while learning that makes an interactive session with an orphanage in India.

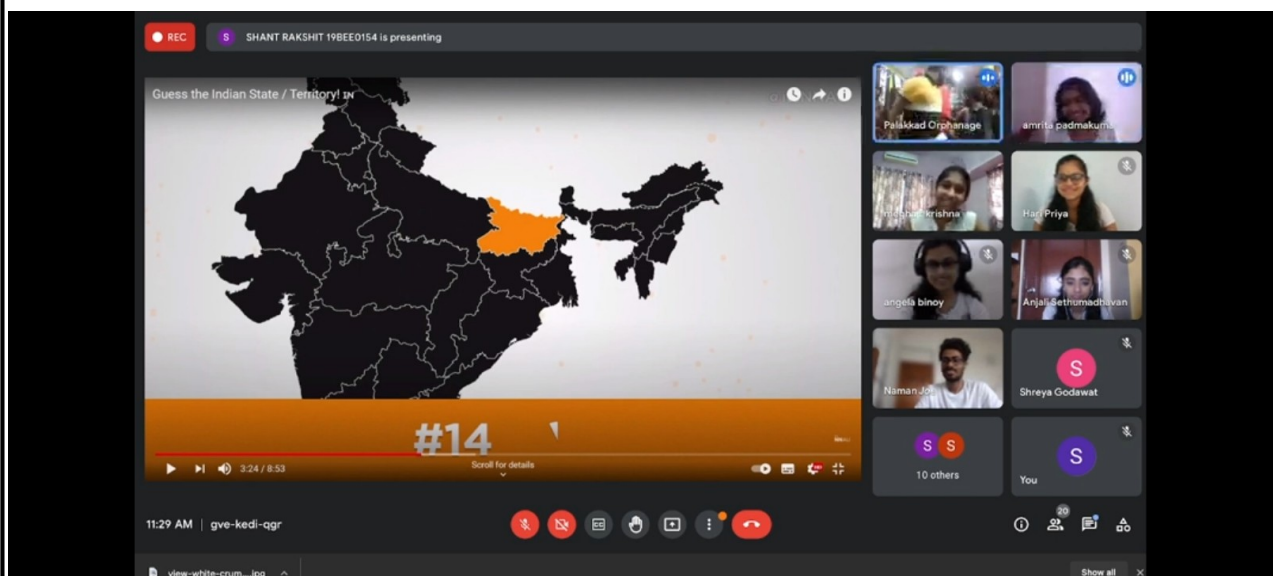

This session have also covered the :

- Monuments
- Dances
- Attires
- Dynasties and will be a fun light hearted and the educational events to the orphanage students.

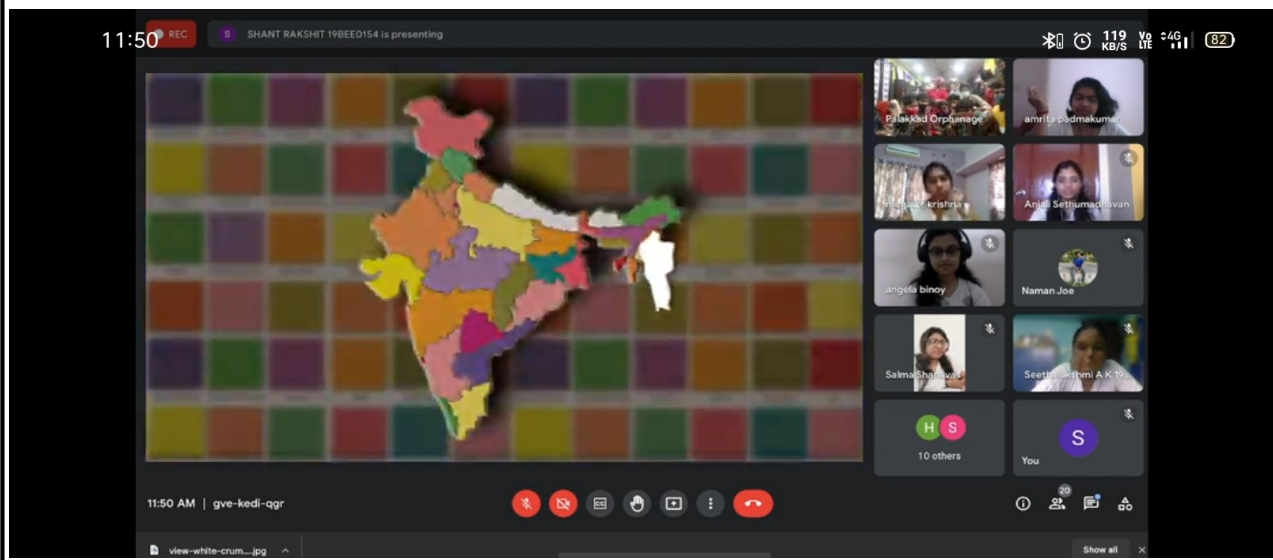

During the event, the conference participants and the orphanage students have an opportunity to have an interaction among various session to discuss the topics and develop the recommendations.

At the beginning of the session participant have shared the screen to make an interaction to the orphanage students because of the covid pandemic this event have held in the online mode. The first topic is to find the names of the states which is asked to the orphanage students and also the students answered many of the states names which was displayed by the participants.

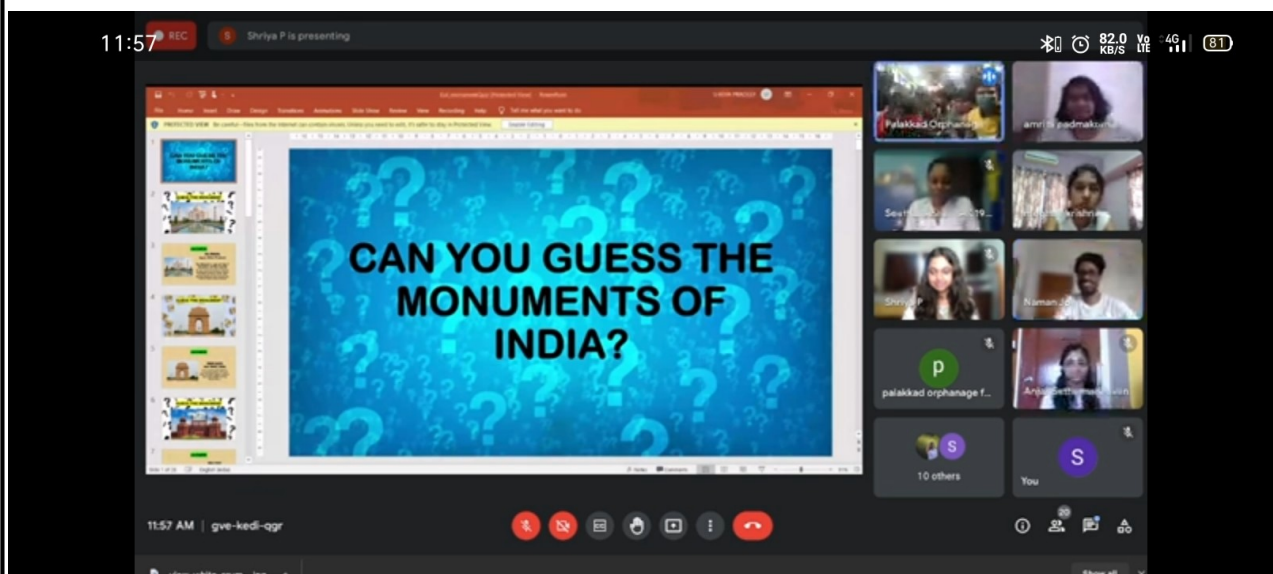

At the end of each session the conference members conducted some extra curricular activity like singing, dancing to a song and asking the names of the each and every orphanage students names.

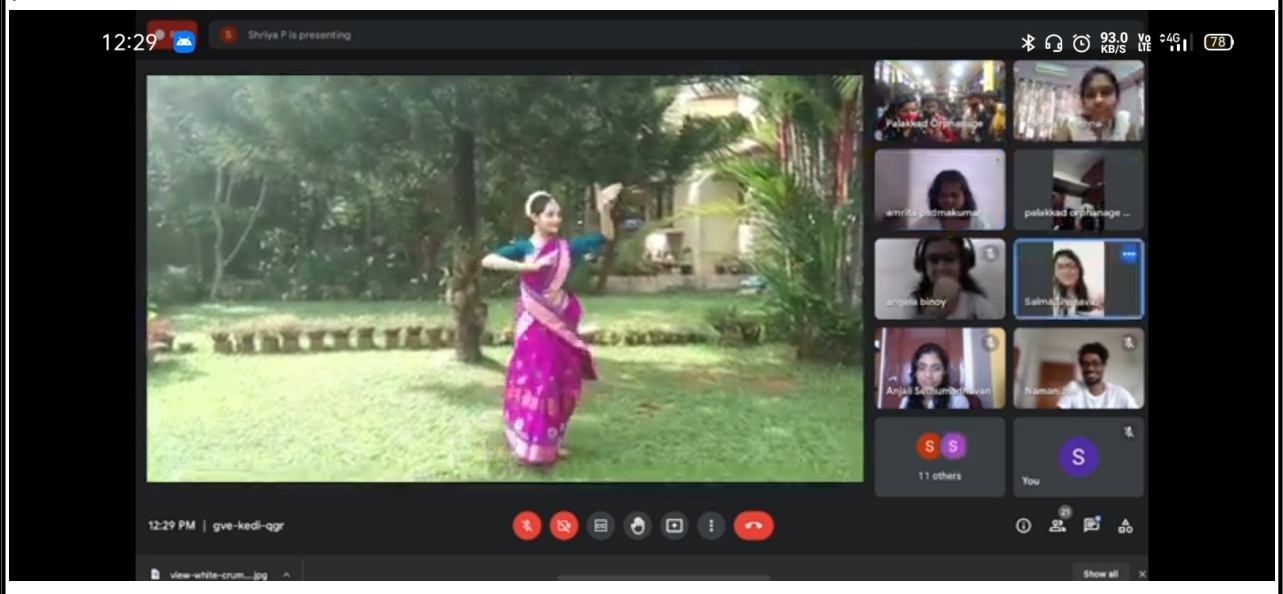

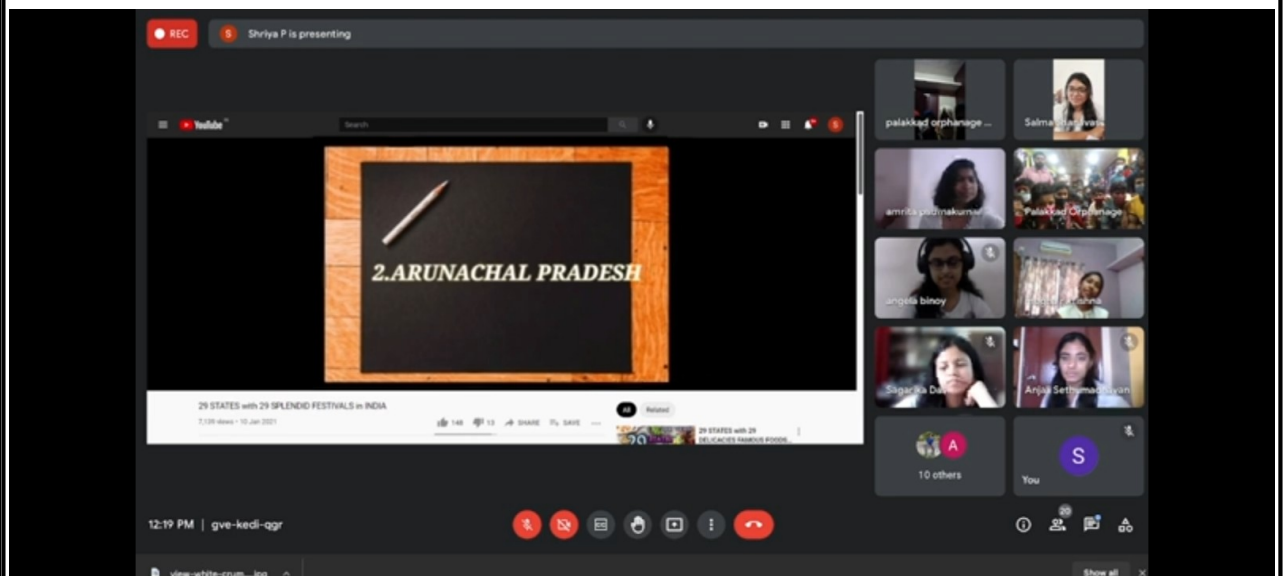

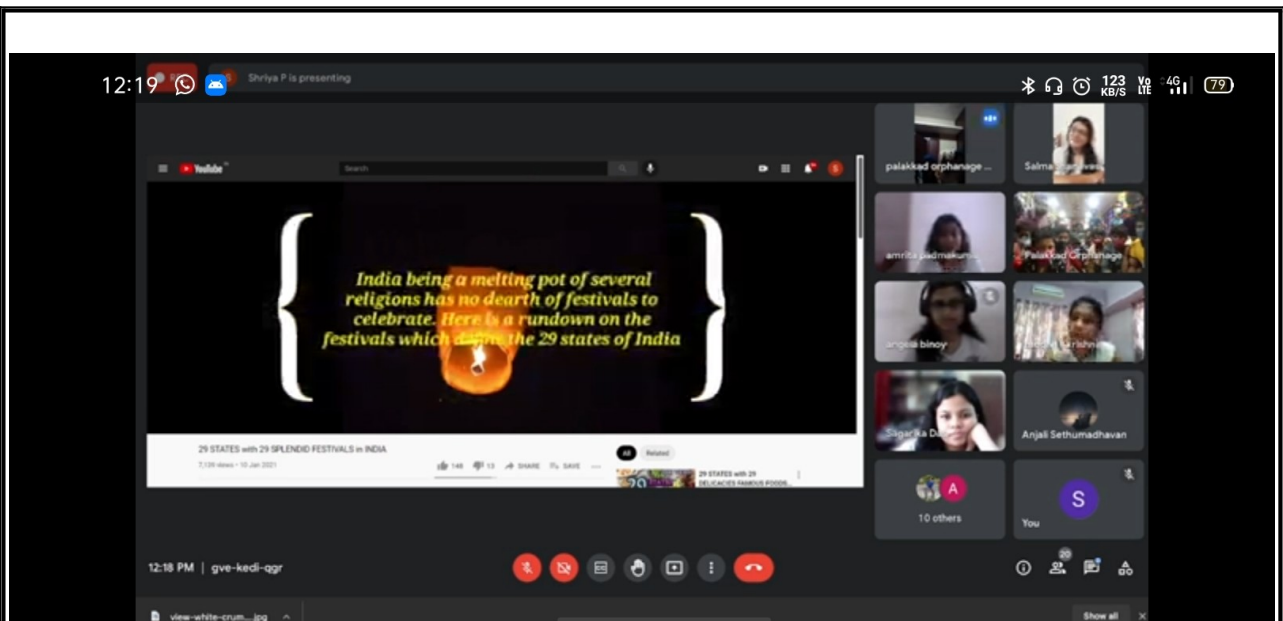

And also they have conducted many events monument and traditional dances of each and every states in India.

And also they have discussed about the dynasties in India which tells about the history of the India and made an interaction like guess the monuments of India that gives a detailed knowledge to the orphanage students. And also this types of topics helps the orphanage students in the future of their life. It is like a general knowledge.

I loved the session which gives an idea on monument and tradition dances names etc.

My conclusion, this is fun and also an interactive session to me. I'm ready to get back to the another session which will be conducted by Juvenile care.
